Village Council has advertised and requested a public hearing to get public input on proposed text amendments to change the height of the buildings in the residential and commercial business districts in the Land Use Bylaw 02-2012.

The current Land Use Bylaw was approved in 2012 and no changes were ever made in respect to the heights of the buildings in the districts.

1st reading was given to Bylaw 04-2021 at a Special Council meeting held at the Senior Centre on April 21st 2021.

We ask that everyone have patience with tonight's public Hearing as this is the first time we have had to do one by teleconference.

We ask that everyone remain muted till you are asked to unmute for your presentation.

If for any reason we should loose connection, we will adjourn the public meeting and reschedule for another day and notify everyone present of the date of next public hearing.

If anyone should become disruptive or make comments during someone's presentation they will be removed to the waiting room and not allowed back in.
